YG-1 Online Ordering System

Main Screen

The screenshot displays the YG-1 Online Ordering System interface. The top navigation bar includes links for Orders, Cart (with a red notification bubble), Favorites, and Mass Order. On the right side of the navigation bar are icons for search, user profile, and language. The left sidebar lists product categories: Carbine End Mill, HSS End Mill, Carbine Drill, HSS Drill, Tap, and Indexable Insert. The main content area features a search bar and a table with columns for Order NO., Date, SUBTOTAL, QTY, Order Status, and Remark. The table is currently empty. Below the table, there are filters for 'Items per page' (set to 5) and 'of 0' items. On the right, there are date pickers for 'From date' (1/14/2020) and 'To date' (1/21/2020), along with a 'Search' button. Blue callout boxes with arrows point to the following features: Product Category (left sidebar), Order List Inquiry (Orders link), Cart List (Cart link), Favorites List (Favorites link), Mass Order (Excel) (Mass Order link), Search Product (search icon), User Contents (user icon), and Language (language icon).
